General Information

The information contained in this section applies only to benefits for which Sun Life Assurance Company of Canada is the insurer or plan administrator.

Class

This booklet describes the coverage for the following class:

- Class C – Client Support Team Professionals and Home Office Associates.

About this booklet

The information in this benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet.

If you have any questions about the information in this group benefits booklet, or you need additional information about your group benefits, please contact Sun Life at our Customer Care centre by calling toll-free at 1-866-896-6976.

The contract holder, Edward Jones, self-insures the following benefits:

- Extended Health Care
- Emergency Travel Assistance
- Dental Care

This means Edward Jones has the sole legal and financial liability for the benefits listed above and funds the claims. Sun Life provides administrative services only (ASO) such as claims adjudication and claims processing. All other benefits are insured by Sun Life.

Eligibility

To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a permanent associate.
- you are classified as full time and actively working for your employer at least 25 hours a week.
- you have completed the waiting period.

The waiting period for your group plan ends on the last day of the month in which you have completed 1 month of continuous employment.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse or your child and a resident of Canada or the United States.

Your spouse by marriage. If you are not married but have been part of another formal or informal union recognized by law (i.e. common law) for at least 12 months you will be eligible, provided you complete the Edward Jones *Common Law* Partner application process. There is no minimum cohabitation period if a child is born out of your relationship. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible dependents if they are not married or in any other formal union recognized by law, and are under age 21.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 (age of 26 for drugs listed in the Régie de l'assurance-maladie du Québec drug formulary for associates residing in Québec) as long as the child is entirely dependent on you for financial support.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Contact Edward Jones for more information regarding disabled dependents.

Enrolment

You have to enrol to receive coverage. You will enrol through Edward Jones' online enrolment system. For a dependent to receive coverage, you must request dependent coverage.

If you or your dependents are covered for comparable Extended Health Care or Dental Care coverage under another group plan, you may refuse this coverage under this plan. If, at a later date, the other coverage ends, you can enrol for coverage under this plan within 31 days of the other coverage end date.

For extended health care and dental, normally, you request coverage for yourself or your dependents within 31 days of becoming eligible for coverage. If you do not request coverage within this time limit, you will have to provide proof of good health at your own expense.

For Optional Life coverage, proof of good health will be required as specified in the *Life Coverage* section. Coverage will not take effect before Sun Life approves the proof of good health.

When coverage begins

For Extended Health Care and Dental Care, your coverage begins on the later of the following dates:

- the date you become eligible for coverage.
- the date your employer receives your enrolment information for coverage.
- the date Sun Life approves your proof of good health, if required.

For all other benefits, your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

A dependent's coverage begins on the later of the following dates:

- the date your coverage begins.
- the date the dependent becomes eligible for coverage.
- the date Sun Life approves the dependent's proof of good health, if required.

If you are a Québec resident, Extended Health Care coverage for your dependents begins on the date you become eligible for coverage or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

You must apply for coverage for any new dependent within 31 days of the date the dependent meets the eligibility requirements.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the pay period following the change.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- address change.
- change of name.
- change of beneficiary.

Accessing your records

For insured benefits, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy

of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our website at www.mysunlife.ca.
- our Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends Your coverage will end on the earlier of the following dates:

- the date your employment ends or you retire.
- the date you are no longer actively working.
- the date you are no longer classified as a full time associate.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this group benefits booklet.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits. This is not applicable to Extended Health Care and Dental Care benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an associate's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. Claim forms are available on the Edward Jones benefits website at www.edwardjonesbenefitscanada.com.

There are time limits for making claims. These limits are discussed in the appropriate sections of this group benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life. Claims may be submitted electronically for some expenses.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal actions for insured benefits

Limitation period for Ontario:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002*.

Limitation period for any other province:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless

commenced within the time set out in the *Insurance Act* or other applicable legislation of your province or territory.

Legal actions for self-insured benefits

Where the applicable legislation of your province or territory permits the use of a different limitation period, every action or proceeding for the recovery of money payable under the plan is absolutely barred unless it is commenced within one year of the date that we must receive your claim forms. Otherwise, every action or proceeding for the recovery of money payable under the plan must be commenced within the time set out in the applicable legislation of your province or territory.

Proof of disability

From time to time, Sun Life can require that you provide us with proof of your total disability, but not more often than is reasonable. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

Coordination of benefits

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an associate. If the person is an associate under two plans, the following order applies:

- the plan where the person is covered as an active full-time associate.
 - the plan where the person is covered as an active part-time associate.
 - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an associate.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Medical examination	We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.
Recovering overpayments	We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.
Assignments	For Life benefits, no rights or interests can be assigned. For all other benefits, we reserve the right to refuse assignments.
Definitions	Here is a list of definitions of some terms that appear in this group benefits booklet. Other definitions appear in the benefit sections.
<i>Accident</i>	An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.
<i>Appropriate treatment</i>	Appropriate treatment is defined as any treatment that is performed and prescribed by a doctor or, when Sun Life believes it is necessary, by a medical specialist. It must be the usual and reasonable treatment for the condition and must be provided as frequently as is usually required by the condition. It must not be limited solely to examinations or testing.
<i>Basic earnings</i>	Basic earnings are the salary you receive from your employer including any bonus earned on a regular basis. If you are paid on a bonus basis and you have been employed for at least one calendar year, basic earnings are the earnings reported on your previous year's T4 income tax slip. If you have been employed less than one calendar year, basic earnings are your estimated annual earnings based on your actual earnings since your date of hire.
<i>Doctor</i>	A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.
<i>Illness</i>	An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.
<i>Retirement date</i>	If you are totally disabled, your retirement date is your 65th birthday, unless you have actually retired before then.

We, our and us We, our and us mean Sun Life Assurance Company of Canada.

Extended Health Care

**General description
of the coverage**

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Reference to Doctor may also include a nurse practitioner – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs*.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received or the supplies are purchased or rented.

The benefit year is from January 1 to December 31.

Deductible

The deductible is the portion of claims that you are responsible for paying.

The deductible is \$50 each benefit year for each person up to a maximum of \$100 per family.

For associates residing in Québec, the prescription drug deductible ceases to be applied for drugs listed in the Régie de l'assurance-maladie du Québec (RAMQ) drug formulary once the out-of-pocket maximum has been reached.

After the deductible has been paid, claims will be paid up to the percentage of coverage under this plan.

If 2 or more members of your family suffer injuries in the same accident, only one individual deductible is applied in each benefit year against all eligible expenses for those injuries.

Prescription drugs

After you pay the deductible, we will cover 80% of the cost of the following drugs and supplies that are prescribed by a doctor or dentist and are obtained from a pharmacist.

For associates residing in Québec, the reimbursement percentage is increased to 100% for drugs listed in the Régie de l'assurance-maladie du Québec (RAMQ) drug formulary once the out-of-pocket maximum has been reached. However, if the drug submitted for reimbursement has a lower priced equivalent drug, only the cost of the lowest priced equivalent drug will be considered at 100%, unless Sun Life specifically approved the cost of the higher priced drug.

Drugs covered under this plan must have a Drug Identification Number (DIN) in order to be eligible.

- drugs that legally require a prescription.
- life-sustaining drugs that may not legally require a prescription.
- injectable drugs and vitamins.
- compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN.
- diabetic supplies.

- vaccines.
- intrauterine devices (IUDs) and diaphragms.
- colostomy supplies.
- products to help a person quit smoking that legally require a prescription, up to a lifetime maximum of \$500 for each person.

Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.

We will not pay for the following, even when prescribed:

- infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.
- the cost of giving injections, serums and vaccines.
- treatments for weight loss, including drugs, proteins and food or dietary supplements.
- hair growth stimulants.
- drugs for the treatment of infertility.
- drugs for the treatment of sexual dysfunction.
- varicose vein injections.
- drugs that are used for cosmetic purposes.
- natural health products, whether or not they have a Natural Product Number (NPN).
- drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.

***Pharmaceutical
services (rendered by
pharmacists)***

For associates residing in Québec, we will cover the pharmaceutical services that are covered under the Québec drug insurance plan and apply its requirements.

***Drug substitution
limit***

Charges in excess of the lowest priced equivalent drug are not covered unless specifically approved by Sun Life. To assess the medical necessity of a higher priced drug, Sun Life will require you and your doctor to complete and submit an exception form.

For associates residing in Québec, for drugs listed in the Régie de l'assurance-maladie du Québec (RAMQ) drug formulary, charges in excess of the lowest priced equivalent drug do not count towards the out-of-pocket maximum unless Sun Life specifically approved the charges for the higher priced drug.

***Prior authorization
program***

The prior authorization (PA) program applies to a limited number of drugs and, as its name suggests, prior approval is required for coverage under the program. If you submit a claim for a drug included in the PA program and you have not been pre-approved, your claim will be declined.

In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form.

You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as:

- Health Canada Product Monograph.
- recognized clinical guidelines.
- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- your response to preferred drug therapy.

If not, your claim will be declined.

Our prior authorization forms are available from the following sources:

- our website at www.mysunlife.ca/priorauthorization
- our Customer Care centre by calling toll-free 1-800-361-6212

Québec drug insurance plan

Any conditions under this plan that do not meet the requirements under the Québec drug insurance plan are automatically adjusted to meet those requirements.

Out-of-pocket maximum (applicable to Québec residents)

Expenses incurred for drugs listed in the Régie de l'assurance-maladie du Québec (RAMQ) drug formulary and not reimbursed under this plan as a result of the application of the deductible or the reimbursement level are limited in each calendar year to the yearly maximum contribution set by the RAMQ plan. There is an out-of-pocket maximum for you, and another one for your spouse. Any drug expenses incurred for your children are part of the out-of-pocket maximum of the associate.

Persons age 65 or over residing in Québec

Unless you have indicated otherwise, once you reach age 65 you are automatically registered for the public prescription drug insurance plan of the Régie de l'assurance-maladie du Québec (RAMQ), which provides basic coverage for prescription drugs costs. Given that after age 65 you continue to be eligible for a medical expense benefit under your group plan, you must make a decision in regards to your basic coverage since you can be insured by either the public plan or your group plan.

If you opt for basic coverage under RAMQ's public prescription drug insurance plan, your group plan will then provide coverage that supplements RAMQ's basic coverage. This supplementary coverage does not replace RAMQ's basic coverage; it adds to it by covering, for example, drugs that are not reimbursed by the public plan or the portion of drug costs not reimbursed by the public plan. In this case, when you complete your tax return, be sure to indicate that you are registered for basic coverage under RAMQ's public plan. You will then have to pay the premium.

On the other hand, if you opt to keep your basic coverage under your group plan, you will have to cancel your registration in the public plan by calling RAMQ or visiting one of its offices during business hours. But before you do, we recommend you contact your employer to clarify your situation. Unfortunately, we cannot change your file without confirmation from your employer.

***Other health
professionals allowed
to prescribe drugs***

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

**Hospital expenses in
your province**

We will cover 100% of the costs for hospital care in the province where you live, after you pay the deductible.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as it is primarily for rehabilitation, and not for custodial care.

The maximum amount payable is \$20 per day up to a maximum of 180 days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

**Expenses out of
your province**

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

We will pay 100% of the cost of covered emergency services after you pay the deductible.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance (ETA) provider. All invasive and investigative procedures (including any surgery, angiogram, MRI,

PET scan, CAT scan), must be pre-authorized by Sun Life's ETA provider prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Sun Life's ETA provider cannot be made before services are provided, contact with Sun Life's ETA provider must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services
excluded from
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Sun Life's ETA provider, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out

of that illness or injury.

Referred services *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services after you pay the deductible. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services outside Canada Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$3,000,000 per person or, if lower, any other applicable lifetime maximum.

Medical services and equipment We will cover 80% of the costs after you pay the deductible for the medical services listed below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications can not perform the duties. There is a limit of \$25,000 per person during any 3 consecutive benefit years.
- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the

conditions specified above for emergency services under *Expenses out of your province*.

- transportation in a licensed air ambulance, if medically necessary, that takes you to the nearest hospital that provides the necessary emergency services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- the following diagnostic services rendered outside of a hospital, except if the covered person's provincial plan prohibits payment of these expenses:
 - laboratory tests.
 - ultrasounds.
 - MRI (magnetic resonance imaging), CT (computed tomography) scans and other medical imaging services, up to a combined maximum of \$1,000 per person per benefit year.
- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 12 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the associate lives. The guide must be the current guide at the time that treatment is received.
- contact lenses or intraocular lenses following a cataract surgery, limited to a lifetime maximum of one lens per eye.
- wigs following chemotherapy, up to a maximum of \$300 per wig per person, a maximum of 2 wigs over 5 benefit years. Wigs do not require a doctor's order.
- medically necessary equipment rented, or purchased at our request, that meets your basic medical needs. If alternate equipment is available, eligible expenses are limited to the cost of

Payments after coverage ends

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- while this provision is in force.

For the purpose of this provision, an associate is totally disabled if prevented by illness from performing any occupation the associate is or may become reasonably qualified for by education, training or experience, and a dependent is totally disabled if prevented by illness from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, coverage for dental

services to repair natural teeth damaged by an accidental blow will continue, if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

What is not covered We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools and humidifiers).
- any services or supplies that are not usually provided to treat an illness, including experimental or investigational treatments. *Experimental or investigational treatments* mean treatments that are not approved by Health Canada or other government regulatory body for the general public.
- charges for completing claim forms.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for

the employer who is providing this plan.

- participation in a criminal offence.

**Integration with
government
programs**

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

**When and how to
make a claim**

To make a claim, complete the claim form that is available on the Edward Jones benefits website at www.edwardjonesbenefitscanada.com.

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses, or

Emergency Travel Assistance

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

You must be enrolled in the Edward Jones Extended Health Care plan to be covered for Emergency Travel Assistance benefits.

In this section, *you* means the associate and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, Sun Life's Emergency Travel Assistance (ETA) provider can help.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Sun Life's ETA provider. If contact with Sun Life's ETA provider cannot be made before services are provided, contact with

Sun Life's ETA provider must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Sun Life's ETA provider may arrange for:

On the spot medical assistance

Sun Life's ETA provider will provide referrals to physicians, pharmacists and medical facilities.

As soon as Sun Life's ETA provider is notified that you have a medical emergency, its staff, or a physician designated by Sun Life's ETA provider, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Sun Life's ETA provider will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Sun Life's ETA provider will provide translation services in any major language that may be needed to communicate with local medical personnel.

Sun Life's ETA provider will transmit an urgent message from you to your home, business or other location. Sun Life's ETA provider will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Sun Life's ETA provider may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Sun Life's ETA provider will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Sun Life's ETA provider, based on available medical evidence, will make the final decision whether you should be moved,

when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Sun Life's ETA provider will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Sun Life's ETA provider will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Sun Life's ETA provider, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Sun Life's ETA provider will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Sun Life's ETA provider will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Sun Life's ETA provider will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Sun Life's ETA provider will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

Vehicle return

Sun Life's ETA provider will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Sun Life's ETA provider will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Sun Life's ETA provider coordinate the whole process with most provincial plans and all insurers, and send you a payment for the eligible expenses. Sun Life's ETA provider will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the

other plans the expenses that exceed its share.

Limits on advances

Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

Reimbursement of expenses

If, after obtaining confirmation from Sun Life's ETA provider that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Sun Life's ETA provider:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

Limits on Emergency Travel Assistance coverage

There are countries where Sun Life's ETA provider is not currently available for various reasons. For the latest information, please call Sun Life's ETA provider before your departure.

Sun Life's ETA provider reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Sun Life's ETA provider to fully provide service to the best of its ability during any such occurrence.

**Liability of Sun Life
or Sun Life's ETA
provider**

Neither Sun Life nor Sun Life's ETA provider will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

**General description
of the coverage**

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable and customary charges. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners in the province where the treatment is received. Payments will be based on the current guide at the time the treatment is received.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

Reasonable and customary charges mean:

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and
- charges of a reasonable frequency and duration, as determined by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis, we will pay the benefit that

would have been payable under this plan for a tooth supported crown or a non-implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant. All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from January 1 to December 31.

Deductible

The deductible is the portion of claims that you are responsible for paying.

The deductible is \$50 each benefit year for each person, up to a maximum of \$100 per family.

After the deductible has been paid, claims will be paid up to the percentage of coverage under this plan.

Benefit year maximum

We will not pay more than:

- \$1,000 per person for each benefit year for Preventive and Basic dental procedures combined.
- \$1,500 per person for each benefit year for Major dental procedures.

Orthodontic expenses are not included in the benefit year maximum. A separate lifetime maximum applies.

Lifetime maximum

The maximum amount we will pay for all Orthodontic procedures in a

person's lifetime is \$1,500.

Restriction on payments

If you apply for coverage either for yourself or your dependents more than 31 days after becoming eligible, the maximum amount we will pay for all dental procedures including all other eligible expenses is \$200 per person for the first year of coverage.

Predetermination

We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Preventive dental procedures

Your dental benefits include the following procedures used to help prevent dental problems. They are procedures that a dentist performs regularly to help maintain good dental health.

We will pay 80% of the eligible expenses for these procedures after you pay the deductible.

1 complete examination every 24 months.

1 recall examination every 5 months, up to a maximum of 2 examinations per benefit year.

Emergency or specific examinations.

- procedures performed primarily to improve appearance.

When and how to make a claim

To make a claim, complete the claim form that is available on the Edward Jones benefits website at www.edwardjonesbenefitscanada.com.

The dentist will have to complete a section of the form.

In order for you to receive benefits, we must receive a claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses, or
- the end of your Dental Care coverage.

We can require that you give us the dentist's statement of the treatment received, pre-treatment x-rays and any additional information that we consider necessary.

Long-Term Disability

General description of the coverage

Long-Term Disability coverage provides a benefit to you if you are totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since its onset.

For your Long-Term Disability coverage,

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled while you are continuously unable due to an illness to do the essential duties of your own occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do any occupation for which you are or may become reasonably qualified by education, training or experience.

If you have 35 or more years of employment with your employer, you will be considered totally disabled while you are prevented by illness from performing the essential duties of your own occupation.

If you must hold a government permit or licence to perform your own occupation and your permit or licence is withdrawn or not renewed solely for medical reasons, we will consider you totally disabled for up to 12 months after the end of the elimination period. You cannot be working other than in a Sun Life approved partial disability or rehabilitation program.

Benefits are paid at the end of each month and are based on your coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of the monthly benefit for each day you are totally disabled.

When disability payments begin

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period of 120 days or after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for an uninterrupted period of 120 days and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

What we will pay

Here is how we calculate your Long-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1: We take 60% of your monthly basic earnings up to a maximum monthly benefit of \$10,000, rounded to the next higher \$1.

Step 2: We subtract any income provided to you:

- in connection with the same or a subsequent disability under any government-sponsored plan*, excluding dependent benefits, employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for the same or a subsequent disability under any workers' compensation legislation or similar law, excluding automatic cost-of-living increases that occur after benefits begin.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.

- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer, as a result of your disability or a medical condition.
- under the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

If this amount plus the above sources of income and all the additional sources of income listed below exceeds 80% of your pre-disability basic earnings, we will reduce your Long-Term Disability payment by the excess. If your benefit is non-taxable, the maximum will be 80% of your pre-disability basic earnings after income tax.

Additional sources of income provided to you:

- under any workers' compensation legislation or similar law for another disability, excluding any automatic cost-of-living increases that occur after benefits begin.
- under any criminal injuries compensation legislation or similar law, where allowed by law.

*If you first become entitled to Québec Pension Plan (QPP) disability benefits:

- before age 60, we will deduct the amount provided in your Notice of Entitlement (NOE) for the duration of your claim.
- on or after age 60, we will deduct the amount provided in your NOE and an additional amount. The additional amount represents a portion of the retirement amount, payable or available following an approved QPP disability application, and is comparable to the variable portion of QPP disability benefits for persons under age 60. These deducted amounts will not change for the duration of your disability claim.

If you are entitled to any of the amounts described above, we will

estimate the amount of such benefits or income and deduct the estimated amount from your monthly disability benefit when you:

- fail to apply for the benefits or income, or exhaust all levels of appeal.
- fail to make a new application, following a declined application or appeal.
- refuse to receive or accept some or all of the benefits or income, or choose to cancel them.
- fail to provide us with information related to:
 - the status of an application, appeal or reapplication,
 - the benefit or income amount, even if it has been refused or cancelled,

within 30 days of our request for information.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. However, increases in those benefits as a result of your disability will be taken into account.

We have the right to adjust your benefit payments when necessary.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave

which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 120 days, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations covering the health-related portion of the maternity or parental leave, Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

Partial disability program

You may be required to participate in a partial disability program approved by Sun Life in writing.

After you are eligible for Long-Term Disability payments, you may be considered for a partial disability program in which you return to your own occupation for a reduced number of hours per week.

During your partial disability program, you can receive a salary from your employer for the hours worked. However, your Long-Term Disability payments will be reduced by the percentage of your pre-disability basic earnings that you are now receiving from your employer.

During your partial disability program your total income from all sources cannot exceed 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable). If this is the case, your Long-Term Disability payments will be further reduced by the excess.

Your participation in a partial disability program will be limited to the own occupation period.

Rehabilitation program

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an associate. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable), your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Interrupted periods of disability during elimination period

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.
- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365 days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the

elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

**Interrupted periods
of disability after
payments begin**

If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. You must be covered when total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability.

**If you recover
damages from
another person**

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

If you recover money, you must pay us 75% of your net recovery or the total disability income benefits paid or payable to you under this plan, whichever is less. Your net recovery does not include your legal costs. Seventy-five percent of your net recovery must be held in trust for us.

We have the right to withhold or discontinue disability income payments if you refuse or fail to comply with any of these terms.

Your responsibilities

During your total disability, you must make reasonable efforts to:

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own

occupation within the first 24 months that benefits are payable.

- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits or income that may be available from other sources.

If you do not, Sun Life may reduce, hold back or discontinue benefits.

When payments end Your Long-Term Disability payments end on the earlier of the following dates:

- the date you are no longer totally disabled.
- the last day of the month in which you reach age 65.
- the last day of the month in which you retire with a pension or are eligible to retire with a full pension or a full pension equivalent.
- the last day of the month in which you die.

When coverage ends Long-Term Disability coverage will end on the day you reach age 65 less the elimination period of 120 days. Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends If the Long-Term Disability benefit terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the benefit were still in effect.

What is not covered We will not pay benefits for any period:

- you are not receiving appropriate treatment.
- that you do any work for wage or profit except as approved by Sun Life.
- you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off except as stated

under *Maternity / parental leave of absence* or except where specifically agreed to by Sun Life.

- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

We do not pay benefits if your disability results directly or indirectly from a condition which existed on or before the date your coverage began. However, this limitation will not apply to you if:

- you have been covered for Long-Term Disability with your employer for at least 13 weeks during which you have been actively working continuously (up to 3 days of absence does not count) and you have not been treated by a doctor, or any medical personnel under the direction of a doctor, for the condition, or
- you became totally disabled more than 12 months after your coverage began.

If your coverage ends but you are covered again under this plan, we will use the latest date your coverage began when applying the above limitation.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

**When and how to
make a claim**

In order to avoid delays in processing, we encourage you to submit your claim 8 weeks prior to the completion of your elimination period.

To make a claim, claim forms are available from your employer or your Abilities Case Manager. You, the attending doctor and your employer

will have to complete the claim forms.

In order to receive benefits, we must receive these forms no later than 90 days after the end of the elimination period. In any event, we must receive notice of claim within 30 days of the termination of this Long-Term Disability benefit.

We will assess the claim and send you and your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability, but not more often than is reasonable. If you do not provide this information within 90 days of this request, you will not be entitled to benefits.

Coverage ends Optional coverage for your spouse will end when you reach age 70, or when your spouse reaches age 70. Coverage may also end on an earlier date, as specified in *General Information*.

Who we will pay If you die while covered, Sun Life will pay the full amount of your benefit to your last named beneficiary on file with Edward Jones.

If you have not named a beneficiary, the benefit amount will be paid to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

For your spouse's optional coverage, Sun Life will pay the full amount of the benefit to the last named beneficiary on file with Edward Jones. If you have not named a beneficiary, the benefit amount will be paid to you.

Your beneficiary designation filed under a previous group plan of the employer, will apply and carry forward to your coverage under this plan until you change it. Please review your existing beneficiary designation to ensure it reflects your current intentions.

A minor cannot personally receive a death benefit under the plan until reaching the age of majority. If you reside outside Québec and desire to designate a minor as your beneficiary, you may wish to designate someone else to receive the death benefit in trust for the minor. If a trustee is not designated, applicable legislation may require that a death benefit payable to a minor be paid instead to a court, or guardian or public trustee. If you reside in Québec and have designated a minor as beneficiary, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively (and regardless of whether you reside outside or in Québec), you may wish to consider designating your estate (or your spouse's estate in the case of Optional Life coverage for your spouse) as beneficiary and provide the executor(s) with directions in your (or your spouse's) will as to the entitlement of the minor. You are encouraged to consult a legal advisor.

Suicide If you or your spouse have any optional coverage that has been in effect

for less than 2 years, we will not pay benefits if death is by suicide, regardless of whether you or your spouse have a mental illness or intend or understand the consequences of your actions. However, we will refund all applicable Life coverage premiums that have been paid.

Coverage during total disability

If you become totally disabled before you retire or reach age 65, whichever is earlier, Optional Life coverage may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for:

- an uninterrupted period of 6 months, or
- the elimination period for Long-Term Disability if you are entitled to Long-Term Disability payments, whichever is shorter.

Optional Life coverage will continue without payment of premiums, from the date total disability begins, until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

Spouse Optional Life coverage will continue without payment of premiums, as long as your Optional Life coverage is continued without payment of premiums, but not after the Spouse Optional Life benefit is terminated.

For the purposes of your Optional Life coverage, you will be

considered totally disabled if you are prevented by illness from performing any occupation you are or may become reasonably qualified for by education, training or experience. However, if you are totally disabled under the Long-Term Disability benefit, you are also considered to be totally disabled under the Life benefit.

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

If your spouse's Life coverage ends for any reason other than your request, your spouse may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

The request must be made within 31 days of the reduction or end of the Life coverage.

There are a number of rules and conditions in the group contract that apply to converting this coverage, including the maximum amount that can be converted. For details please contact Sun Life at our Customer Care centre by calling toll-free at 1-866-896-6976.
